

Product Information

MTL POWER CLEAN 2000

GENERAL DESCRIPTION

MTL Power Clean 2000 blended alkaline and citrus heavy duty degreaser. It is a transparent pale straw liquid with a pleasant citrus odor.

APPLICATION

MTL Power Clean 2000 is a concentrated blend that must be diluted with water prior to application. We recommend that MTL Power Clean 2000 be diluted at a rate of 10:1 to 20:1 with water.

MTL Power Clean 2000 is specially formulated to act as a general degreaser for parts and pumps.

MTL Power Clean 2000 acts as an excellent rig wash or can be used in pressure or steam cleaning activities.
